

ZENASTRA INDUSTRIES

Grow from ■10 crore to ■100 crore.

Reduce avoidable cost from ■100 to ■10.

- We help companies save lakhs to crores by building private AI operating systems for finance, growth and everyday execution.

Three AI operating systems. One transformation partner.

AI ACCOUNTANT

Reports • GST • filing • analysis • Tally data entry

- COMPANY OPERATING SYSTEM

- Voice AI
- sales
- outreach
- marketing
- dashboards

- PERSONAL OPERATING SYSTEM

- Owner's AI chief-of-staff

Use case 1 — AI Accountant.

A private finance intelligence layer connected to your local Tally data.

All major reports • GST support • receivables • payables • inventory • cash • bill-to-dr

- Outcome: replace repetitive manual work and create a path from ■10 crore to ■100 crore.

Use cases 2 & 3 — automate the company and the owner.

COMPANY OPERATING SYSTEM

Voice AI, sales, outreach, social marketing, WhatsApp, Gmail, CRM and dashboards.

- PERSONAL OPERATING SYSTEM

- Hiring, management, follow-ups, employee updates and private owner control.

Perks, protection and the implementation promise.

■ 20 LAKH+ ONE-TIME SETUP

NDA • proof-of-value first • local control • training • ongoing support • no permanent

- HOW WE START

- NDA → demonstrate results → confirm scope → payment → install, train and support.

Trust, verification and evidence.

CIN: U62090WB2025PTC280868

GSTIN: 19AACCZ6798B1ZT

- DPIIT: DIPP213909
- DPDP-aligned local-control approach
- Reported outcomes: Cotton Jersey (~₹80 lakh savings opportunity reported), The Love Band global growth support, Labels b
